**ANTHONY VIERRA**  
*President*

Winter has come and the driving season is officially over along with the hustle of the Holidays, that hopefully brought cheer for all. It was a successful 2024 and 2025 brings new changes and opportunities, with the election of a new Board we want to be sure to thank those that served before us as we look to the future. This is a great time to put some work in on our cars and tackle those projects we've been looking forward

to or maybe not depending on how severe.

The Charity dinner was a success again this year with members coming out in full support for Sleep in Heavenly Peace. It was a great atmosphere, with the Halloween costume party theme. I want to extend my deepest gratitude to the Charity Committee, Gretchen Hill, Robin Bernard, Molly Cuddeford and all the other volunteers who made it possible. If you are looking to make a difference in the community this is a great way to get involved and your efforts would be greatly appreciated.

Autocross has come to an end as well and with the addition of BrezelCross at the Motorplex in Emmett, it made for an exciting season. Craig Doty and Gary Roeder did an outstanding job this year with the new format and keeping the course layout engaging. We can all look forward to what they have in store for us next year and if you haven't seen BrezelCross in action be sure to come out and watch, maybe you'll catch the bug and want to turn some laps in anger as well.

Tech Talks kick off with the first one being on January 25 with a couple of special guests and we will be covering the current Porsche market and car valuations. If you're thinking of entering the market to buy your next dream car, getting ready to let your car find a new home or you just really like to geek out on the market, this one's for you. Keep an eye on the happenings for other Tech Talks, it's a great way to keep up on pertinent topics of Porsche ownership.

Enjoy your offseason, whether it be on the slopes or just spending time with family. I look forward to seeing you all at our Winter events or in the Spring when we all start driving again. Thank you for all your continued support of the club.

**CHEERS,**

*-Anthony*

**JAYK REYNOLDS**  
Editor

## HELLO SILVER SAGE PCA MEMBERS,

My name is Jayk Reynolds, and I'm excited to introduce myself as the new Editor of the Sage Tick! Vicki Pentecost generously extended the invitation after

my wife and I enjoyed a great dinner with her and her husband, fellow Silver Sage member, Bob Pentecost. While this opportunity is a little outside of my normal comfort zone, I couldn't be more excited to take on this role.

While there will be a bit of a learning curve, I look forward to becoming more involved in the club rather than just floating through events without engaging as much as I should, and I can't wait to formally meet more of our Silver Sage PCA members!

A little background about me:

I grew up on the Boise Bench as the middle child in a blended family of four kids. Of the three schools I attended for elementary, junior high, and high school, only Borah High is still standing. My wife, on the other hand, grew up in Payette, where her family boasts six generations of Idahoans, and all her schools are still standing and intact!

My passion for Porsches began as a kid when I'd ride my bike past a burgundy G-body 911 with a whale tail parked in a driveway around the corner from our house.

The vanity plate read "Dr Bob" and sparked countless daydreams of racing around in my very own 911 someday.

Fast forward many years (and many American hot rods and European classics later), and I got a call from a friend about a Porsche 911 that had been sitting under a car cover in a garage for over 12 years. As luck would have it, it was a 1982 911SC Targa—burgundy, just like "Dr Bob's" car I admired as a kid. After convincing my wife that I had to have it, and promising to part ways with my '72 Mercedes road race project, it became mine!

Since the car had sat for so long, I tackled some mandatory maintenance before starting it: a new fuel system, a refurbished gas tank, and a full tune-up with all-new ignition components. When I turned the key and heard it roar to life for the first time, I knew I'd made the right decision. We've loved driving it ever since.

Now to the present day. "Frogger," as we affectionately call it, just received a much needed suspension rebuild, including some minor upgrades that have made it even more enjoyable to drive and rip through the twisties! Unfortunately, I wrapped up all the work just as the weather turned cold and frosty, but I can't wait to take it out on some spirited drives once the roads clear. I might even try my hand at an autocross or two to really sharpen my driving skills.

I can't wait to meet more of our members at upcoming Silver Sage events in 2025, and I welcome any feedback on how we can make the Sage Tick even better moving forward!

*Jayk*

## A CELEBRATION OF PORSCHE COMMUNITY & CHARITY

*The Silver Sage Porsche Club's annual Oktoberfest event marked another spectacular year at the Village at Meridian from October 3-5, 2024. This year's charity drive supported Sleep in Heavenly Peace (SHP), an outstanding organization dedicated to providing beds for children in need within our community.*

### FRIDAY NIGHT KICK-OFF: SETTING THE TONE

The weekend kicked off at the Ram Pub's Stonehouse Banquet Center, where Pat Clifford, our long-time coordinator and SSPCA representative, orchestrated another fantastic evening. Over 90 PCA members filled the venue with warmth and enthusiasm. Porsche Boise, through Tina Turley's generous coordination, contributed an impressive array of door prizes that added excitement to the evening.

The atmosphere was electric, enhanced by Blair Baertsch's thoughtfully curated video loop of past events playing in the background.

A new addition this year was Vicki Pentecost's die-cast race car game which proved to be both entertaining and an effective fundraiser for our charity efforts. The evening was made even sweeter by the delicious desserts provided by Linda Prusynski, Vicki Cannon, and Vicki Pentecost, while Mark Prusynski's audio equipment ensured everyone could hear the proceedings clearly.

# OKTOBERFAST 2024

PORSCHE CAR SHOW

## FRIDAY NIGHT KICK-OFF: SETTING THE TONE CONTINUED

What made the evening particularly special was the presence of members from various regions - BC Interior, High Desert, and Vancouver Island - creating a wonderful opportunity for cross-regional connections and shared Porsche enthusiasm.

## SATURDAY'S DUAL ADVENTURES: SOMETHING FOR EVERYONE

### THE LOWMAN LOOP DRIVE

Saturday morning burst into action as eager participants gathered at Porsche Boise. Over 40 cars assembled at 8:30 a.m. for the final Coffee and Porsches gathering of the year, expertly coordinated by Doug Ooley. The morning began with coffee, doughnuts, and excitement, courtesy of Porsche Boise.

Safety being paramount, the large group was divided into three smaller contingents, departing at 10-minute intervals. The route took drivers along the “Lowman Loop” which winds its way along the scenic Payette River, through Horseshoe Bend, Banks, and Lowman. A strategic pitstop at the local

gas station (we do our best to maintain good relationships with local businesses!) provided a quick break before the group tackled the day’s highlight: the always exciting stretch winds its way from Lowman to Idaho City - the kind of roads that make Porsche ownership truly special.

## THE WINE TOUR: A TASTE OF IDAHO

As shared by Gary and Janice Glover, Vancouver Island and BC Interior Region Members, the wine tour offered an equally exciting alternative. Their day began with a quick breakfast with hosts Mark and Linda Prusynski before following “Pickles” to the dealership. The tour assembled 28-30 Porsches, split into two groups, creating an impressive display of Porsche heritage - from classic 356s to air-cooled 911s and modern SUVs.

As Gary was quick to note, “The array of colors in the bright fall sunlight was a sight to behold,” and “Our group stayed together like a snake weaving through tall grass as straight roads gave way to twisty paths.”

Their first stop was Dunning Estates in the Caldwell area, where ample parking and stunning views awaited. The winery visit was marked by friendly chatter, wine sampling, and the joy of reconnecting with old friends while making new acquaintances. The tour then

proceeded to Famici Wine Co. where a generous lunch awaited us all with “sandwiches big enough for two.” The winery owners shared their thoughtful insights about their craft, adding an educational element to the already enjoyable experience.

# OKTOBERFAST 2024

PORSCHE CAR SHOW

## SUNDAY'S SPECTACULAR CAR SHOW

The SSPCA Oktoberfest Car Show at the Village at Meridian proved to be the weekend's crown jewel. By 8:30 a.m., Silver Sage volunteers were already busy setting up and preparing for the day ahead while the Village staff provided exceptional support with tents, tables, signage, and security.

VICKI PENTECOST & GERHARD BORBONUS

*The show featured an impressive array of 154 registered Porsches, with several highlights:*

- A stunning collection of GT4 RS models
- Dakar rally cars showcasing Porsche's versatility in design and use
- A beautiful and meticulously crafted 1957 Porsche 550 Spyder replica
- The presence of Gerhard Borbonus, one of SSPCA's 15 Charter members, with his 2024 911 Turbo S cabriolet

The event was also graced by legendary race car driver George Follmer who generously spent time signing posters for the enthusiastic fans. Lupo Motors even provided George a golf cart to quickly navigate the extensive show grounds.

LENGEND, GEORGE FOLLMER

The show's success relied heavily on its dedicated team: Bob Pentecost managing registration, Greg Myers photographing each entering vehicle, and Sid Cannon's team orchestrating the complex parking logistics for over 150 cars. Randy Bloom's creative judging categories added an extra layer of excitement to the competition.

## CHARITABLE SUCCESS

Through various fundraising efforts - entry fees, the Village raffle, poster sales, and the popular die-cast car race - the event raised over \$3,000 for Sleep in Heavenly Peace, demonstrating our clubs generous commitment to giving back to the community.

TINA TURLEY, PORSCHE BOISE

## LOOKING AHEAD

As we reflect on another successful Oktoberfest, we're already excited for next year's event, scheduled for October 3-5, 2024 again hosted at the Village at Meridian. The weekend perfectly exemplified what makes the Porsche community special: the combination of automotive passion, genuine camaraderie, and charitable spirit.

Special thanks to Porsche Boise for their continued support, our dedicated volunteers, and all participants who made this weekend truly memorable. As Gary Glover aptly put it, "What a great day - sunshine, great roads, old friends and new acquaintances, fantastic lunch and wine tasting. Does not get much better."

# 2024 Autocross SEASON WRAP-UP

CRAIG DOTY AND GARY ROEDER

DAILY AWARDS  
WITH JPP

Our inaugural season of BrezelCross along with two Expo autocrosses are in the books! Silver Sage is one of a very few clubs nationwide that is able to hold an autocross at a track venue. This is our BrezelCross, held at the Motorplex at the Mill in Emmett. The course puts drivers on fresh asphalt complete with banked corners and offers a

SCOTT MACLEAN AT SPEED

welcome change from the challenge from the 'sea of cones' we're used to with the Expo parking lot autocross venue.

We lucked out with dry and sunny weather this entire year, a significant improvement over the wind, snow, sleet & rainy days in 2023. Drivers included a number of novices and junior participants, along with a national champion who came out to share his skills as an instructor. Daily awards were given not only for the fastest raw and handicapped times, and as well to several first-time drivers whose skills rapidly improved with each run earning them Driver of the Day recognition!

- ★ **CHAMPION**  
DAVE HOCKETT, 746 OUT OF 800 POSSIBLE POINTS
- ★ **2ND PLACE**  
SCOTT MACLEAN, 654 POINTS

Club Porsches (and drivers) of all ages turned out – types consisting of 356, 912, all 911s, 944, Cayman, Boxster, Cayenne, a very nice turnout of Club GT3 and even a couple of brand new GT4 RS models. Our Snake River Sports Car Club of America friends filled out the field, their expertise placing them usually in the top half of the handicapped scoresheets. Silver Sage Club drivers ranged 16 to “seventy-something”. Enjoy the photos and we hope to see many more Club members next season. Your Porsche is designed and built to go from the street directly to the autocross or road course and back to your garage, no harm done!

TECH TALK

# The Ins and Outs of AUTO INSURANCE

JACKIE ROEDER

*“Your Porsche has good brakes,  
do you have good insurance?”*

The club’s first Tech Talk for the 2024/2025 season looked at auto insurance policies and legal issues around claims and was held at the Toybox Car Club on November 16, 2024. The event began with a presentation by Riley P. Evans, Producer and Agent for Chrysalis Insurance Agency, Boise, ID. Riley covered the basics of auto insurance, valuation and umbrella policies.

**Liability** - coverage for an at-fault accident – basic coverage is \$250,000/\$500,000. Is this enough for you?

**Uninsured Motorist/Underinsured Motorist (UM/UIM)** – Idaho policies carry a minimum \$25,000. UIM protects YOU; consider matching your liability coverage amounts.

**Actual Cash Value (ACV)** - Cost of the vehicle new MINUS depreciation. Depreciation is always factored into this value.

**Stated Value (SV)** – Policy holder states a value for their vehicle that they want to pay for their policy. Insurance company pays the lesser of SV or ACV.

**Agreed Value or Guaranteed Value -**

Polices written for high value or collector cars from agencies such as Hagerty, Leland West and Grundy (among others). This specified value will be paid in event of a covered total loss. If appraisal is necessary, consider using Lupo Motors (Local) or the Hagerty Valuation Site. Bring a Trailer and other online auctions can also be used to support a valuation.

**Umbrella Policy –** written in increments of \$1 million, normally based on your net worth. Protects your assets in the event of a bodily injury claim against you. In order for an umbrella claim

to be accepted, the loss must be a covered loss (permitted usage of the vehicle). Extends coverage over any underlying property listed on the policy (home, auto, boat, OHV, etc.). This can be used to extend coverage to bodily injury and personal injury liability claims when underlying policy would extend that coverage.

**Exclusions** - these are specific usages that a standard policy does NOT cover. Examples are HPDE (on a track) or autocross events. Rallies and tours on public roads are covered usage.

**LIVERY EXCLUSION:**  
will not pay a claim involving transport of people and/or goods for hire.

**Track Insurance** - General agreement by Riley, Insurance Broker, and those members attending,

**YOUR INSURANCE POLICY IS A CONTRACT, READ AND REVIEW, THEN DISCUSS WITH YOUR AGENT!**

that the decision to purchase HPDE Track Insurance should be based on your personal risk tolerance. A single weekend policy costs less than \$2000 and a single season policy is available for approximately \$10000, normally with a 10% deductible.

**Collector Car Insurance** - Different insurance companies have different use restrictions. Some will limit to driving to and from car shows, others will allow any usage (within standard policy allowances) as long as the owner has a second daily driver car. Based on miles driven/year. Very low rates because of low usage. Considered very low risk for insurance company.

- COLLECTOR CAR INSURANCE COMPANIES FOR IDAHO INCLUDE:**
- Hagerty
  - Grundy
  - Leland West

After a robust question and answer session, the event continued with a presentation by Matthew Taylor, Managing Partner and Senior Attorney at Taylor Law Offices, Boise, ID. Mr. Taylor discussed the following:

**Diminished Value** - Loss of market value of vehicle when vehicle is damaged and repaired.

**INHERENT DIMINISHED VALUE:**  
based on previous accident and Car Fax

**REPAIRED DIMINISHED VALUE:**  
vehicle repaired but not to OEM/“factory” condition

**Documentation of Diminished Value -**

Only applicable for a “No fault” accident. Obtain documented change in value of vehicle, then present to insurance adjuster for that amount. Note that diminished value claims may need some legal help in order to protect your Porsche investment vehicle when vehicle is damaged and repaired.

1. Acquire as much documentation as possible.
2. Get a police report
3. Take lots of pictures – showing total extent of damage on all vehicles
4. Repair estimates – OEM (Original Equipment Manufacturer) vs OES (Original Equipment Standard – not necessarily Porsche factory parts, maybe even used parts!
5. Porsche appraiser – may be necessary for a diminished value claim. Regularly take photos of your Porsche!
6. Body Shop Hourly Rate Comparison – check out the app “Labor Rate Hero.”

Don't speculate with your statements about what happened at the scene. Do NOT volunteer information.

Matthew closed with a personal story about his Boise north end traffic stop in his GT3. His advice during a traffic stop: hand over required documents to the officer - driver's license, insurance and registration. If officer asks questions --- respond to all with “I don't answer any questions.”

What great information shared by our speakers and our members! Feel free to contact Riley or Matthew for your insurance and/or legal needs.

**THANK YOU!**

*Jackie*

# HOLIDAY FESTIVITIES DIVAS WREATH-MAKING EVENT

The Silver Sage region welcomed the holiday season in style on Saturday, November 30, 2024, with a festive wreath-making gathering at FranzWitte Nursery.

BECKY GROVER

Thanks to organizer Denise Seinturier, thirty Silver Sage Divas came together at the Franz Witte “Barn” for an afternoon of creativity and camaraderie.

Each participant received a beautiful 14-inch fresh greenery wreath base and were given access to a wide assortment of decorative materials from dried twigs, berries, branches and bark, pinecones, flowers, festive ribbons, and colorful ornaments. Working at tables of four and using glue guns, wire, and shears, the Divas crafted unique masterpieces with each wreath reflecting its creator’s personal style and vision.

The creative spirit was contagious as participants exchanged ideas and materials which resulted in thirty distinct wreaths. I was the last one to settle on a design after taking some time to look for ideas at all the other tables. As a special treat, each Diva received a delicious box of Brigadeiro (Brazilian chocolate candies) from Meridian’s “Blossom Bites” bakery.

The celebration continued at Rembrandt’s in Eagle where about twenty-five participants gathered for wine and appetizers. The restaurant served Portuguese white and Spanish red wines alongside a wonderful spread that included spinach onion dip, the Chicago Board, cauliflower wings, and seasonal hummus.

Some spouses joined later, and the evening evolved into a wonderful dinner accompanied by some engaging car conversations.

The event provided a wonderful opportunity to connect with our new President and First Lady, Anthony and Mercedes Vierra, whose leadership promises to guide SSPCA in exciting new directions.

## Special Thanks...

to Porsche Boise for their generous sponsorship and to Denise Seinturier for orchestrating such a memorable holiday celebration.

-Becky

# SLEEP IN HEAVENLY PEACE

## BED BUILDING DAY

OCTOBER 19  
VICKI PENTECOST

at Oktoberfest selling The Village and Big O Tire raffle tickets, rolling dice on the Porsche racetrack (while having the kids work on their math skills and receive Matchbox Porsches) and donating a portion of the registration fees to Sleep in Heavenly Peace.

We also did a linen drive to collect comforters, sheets, blankets, pillows and more. The Cayenne was full at the car show and we delivered everything to the warehouse on Build Day.

In preparation for the build day, we were told "Don't be intimidated by the noise, the sawdust,

The Silver Sage charity recipient in 2024 was Sleep in Heavenly Peace. So many of us were excited to have the opportunity to help in non-monetary ways as well as monetary. We kicked off the fundraising festivities

or the fact that you've never touched a power tool before. We're simply looking for willing hearts to help turn lumber into bunks. We'll teach you everything you need to know." And that they did! There was a SHP volunteer getting the sanding teams going. Another volunteer training for the hole drilling process, another volunteer for the assembly and last, but not least, the branding of SHP and staining wood. Lori Telford said I'll do staining. I said, "Are you sure? It looks really messy!" She said, "I can do it!" And she did. The SHP volunteers/trainers were also very good at making sure everyone had the opportunity to change jobs and contribute to other processes.

Everyone had a role and felt a part of the bed building teamwork and process. Our hardest worker was Otto, our 6 year old member. He started the day helping mom sand but that was too dusty. Another need is to put the washers on the screws for assembly on delivery day.

He did a fantastic job filling the bucket. Then he wanted to do more. We had a lot of lumber that needed to be moved from station to station. Guess who had the most fun doing this?

Otto, thank you for being part of our team and helping kids get into beds!

By the end of our shift, which included a safety meeting at the start and finishing with cleanup, we built 42 headboards! Great work Silver Sage PCA.

**SILVER SAGE MEMBERS WILL BE WORKING ON THE DELIVERY DAY OF SOME OF THESE BEDS. THAT EXPERIENCE IS TO BE CONTINUED...**

*-Vicki*

MASTER OF CEREMONIES:  
SPACE COWBOY, ROBBIE MUSHENO

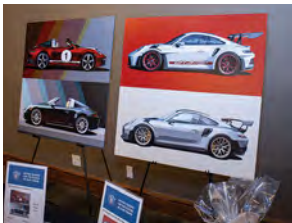

## CHARITY AUCTION

LINDSEY ROBINSON

It was a cold and blustery night making the entrance to the Annual Charity Auction at the Riverside Hotel extra eerie. Attendees who were dressed up in their Halloween best were greeted by two spooky skeletons as they entered a haunted ballroom. There was a massive horse with a scary skeleton on it and ghosts on every table.

Everywhere you looked it was Halloween fun with pumpkins and decorations galore. There were 5 massive tables loaded with donated items for the silent and live auctions, organized to raise money for Sleep in Heavenly Peace. This charity provides beds for children who don't have them.

The Master of Ceremonies was none other than the Space Cowboy himself, Robbie Musheno. His energy helped keep the party going with count downs on the silent auctions, announcing dinner, and calling out all the raffle prizes. Some

examples of the silent auction items included artwork, multiple themed and holiday baskets, symphony tickets, opera tickets, dinners, baskets with stylish purses and

lots of extras, car detailing items, jewelry, food items, a griddle, and of course, Porsche swag. There really was something for everyone.

Merry makers had a wonderful dinner of roast beef, chicken, or salmon, which was accompanied by a chocolate cake or delicious pumpkin moose tart as dessert. Once everyone finished dinner, it was time for the live auction.

Silver Sage's own Auctioneers, Sid Canon and Gary Cuddeford, made a hilarious entrance wearing flannel one-piece jammies! They humorously neglected to button up the rear hatches on their jammies, but to everyone's relief, they had their costumes underneath.

As the auction started, Sid and Gary reminded us that the reason for us being together was all about the children, specifically getting them off the floor and into beds, and to bid with that in mind. They started by auctioning off a pair of matching jammies that looked just like the jammies they were both wearing!

There were so many amazing items for auction this year thanks to our generous members and sponsors. Silver Sage would like to offer a special thank you to the members who have consistently donated auction favorites year after year.

Rex and Mary Beth Chandler again donated an extravagant wine-paired dinner for 4 at Chandler's, and this year made it even better (if that was even possible!) with 2 hotel rooms for 1 night at Hotel 43. Another yearly Silver Sage favorite is Molly and Gary Cuddeford's amazingly delicious Oyster and champagne dinner, cooked and prepared by Molly herself.

Walt and Laurie Gammill generously and consistently offer a “Weekend in the Woods” at their beautiful cabin in the mountains. Chris Houston has offered specialized auto detailing services from his shop, InDepth Detailing. Ernie Monroe continues to donate his artwork to the chosen charity year after year. Jim and Marcia Houston generously donate items from their store, The Nest, including a beautiful 9-foot-tall Christmas tree this year. Robbi and Lauren Musheno have donated various lovely carpets from their business, Idaho Floor Supply, and of course Porsche of Boise is consistently generous with their donations for the silent and live auctions year after year.

Silver Sage was also the recipient of other generous donations. \$700 worth of detailing was donated from Enzo’s Complete Auto Detailing. Wendi and Mitch Glazer donated a Prime Rib dinner for 6. We had a gorgeous flower arrangement donated by Wishing Well Botanicals. There was also a lovely gold necklace from Smukler’s Jewelry. Many of these donations were doubled on the spot by the generous donators to raise more money for Sleep in Heavenly Peace.

As always, the bidding was lively and very generous, and after the final item was auctioned off, members were still excited and ready to keep going. Gretchen offered up the fantastic ghost

table decorations to raise more money for Sleep in Heavenly Peace. Thanks to the amazing bids, all found homes to haunt!

A special thank you goes out to Gretchen Hill, the Silver Sage Charity Chair. She, her husband, and the committee worked many hours to put this impressive event together!

Another special thank you goes to The Riverside Hotel for donating the room for the event! Finally, thank you again to the Silver Sage and community members who donated items to auction, and to the members who bid on the items. This event yet again proves that Silver Sage is a Region not just about the cars, it truly is about the people!

# Festive Holiday Party

VICKI PENTECOST

AT HILLCREST COUNTRY CLUB

CHRIS HORAK, KEITH HAHN, CINDY WOYAK

GARY CUDDEFORD, RANDY BLOOM AND SID CANNON

## SOCIAL HOUR AND FESTIVITIES

DAVID DIGGS AT THE PIANO

The evening began with a lively social hour featuring hors d'oeuvres, a complimentary beverage, and Christmas tunes performed on the piano by Silver Sage member David Diggs.

As guests mingled and shared their holiday plans, the room buzzed with energy, growing louder as the conversations grew more and more animated. Greg Myers, as always, did an exceptional job capturing the evening's moments through photography (thank you Greg!).

After several cheerful but persistent calls for attention, the crowd finally settled into their seats to enjoy a wonderful dinner. While the meal was delicious, it was the dessert that stole the show!

The annual holiday party at Hillcrest Country Club was a festive and joyful event, filled with camaraderie and plenty of holiday spirit. Upon arrival, attendees were greeted with cheerful Christmas music while Linda and Mark Prusynski worked diligently to set up the centerpieces and bartenders prepared for the evening crowd. And what a crowd it was! With 86 attendees signed up, participation exceeded last year, even with competition from BSU playing in a high profile Mountain West Championship home game against rival UNLV, which they won!

Hillcrest Country Club provided the perfect holiday ambiance, and a special thank you goes to Linda Prusynski for organizing this memorable evening.

## VOLUNTEER RECOGNITION AND SPIRIT AWARD

Following dinner, the program turned to recognizing the hard work and dedication of all the wonderful volunteers who have been instrumental in the success of our many Silver Sage events, as well as honoring the year's achievements. As a token of appreciation, volunteers received laser-engraved wooden bookmarks featuring the Silver Sage logo. Additionally, twelve years ago, President

Rex Chandler introduced the Spirit Award, which is presented to an individual who has significantly contributed to the Silver Sage Region. This year, the award went to Gary Roeder, who was unable to attend in person, but joined via FaceTime.

Gary has been the club's treasurer for three years, a role he took on with immense dedication. He ensured the club's compliance as a legal non-profit organization, digitized its financial records, emphasized budgetary discipline, and provided invaluable guidance to committees. His meticulous work earned him a bit of humor, too, as he was presented with a laminated 24 x 36-inch spreadsheet from Oktoberfest, symbolizing his knack for detailed organization.

Gary also played a pivotal role in launching BrezelCross, the club's autocross program at Blue Valor Motorplex in Emmett.

Thanks to his vision and efforts, the program was developed with approval from the National Safety Chairman. In recognition of his contributions to both the club's financial health and the autocross program, the Silver Sage Region proudly presented Gary Roeder with the 2024 Spirit Award.

GRETCHEN HILL, MARY MONROE, LAURIE GAMMILL

VICKI PENTECOST

AUTOCROSS TEAM

AUTOCROSS TROPHIES

## AUTOCROSS AWARDS

TOM BRUCK AND DAVE HOCKETT

The evening continued with the presentation of 2024 Autocross Awards, led by Craig Doty and Tom Bruck. To qualify for a class award, drivers needed to participate in at least four events during

the season and compete against others in their class. Before announcing the winners, Rob Grover received special thanks for competing in his wife's speedy yellow 356, which many agreed was the classiest car at the autocross. Luftgekühlt 911 drivers were also acknowledged for their contribution to the unmistakable sound of flat-six engines that reverberated throughout the courses.

Season class winners were announced with their names and achievements listed in the 2024 Autocross Season Wrap-Up article. Additionally, autocross instructors received customized trophies. Special thanks went to Mark & Kay Peterson, Brian Myrick, Tom Bruck, Dave Hockett, and many others whose efforts made the season a success.

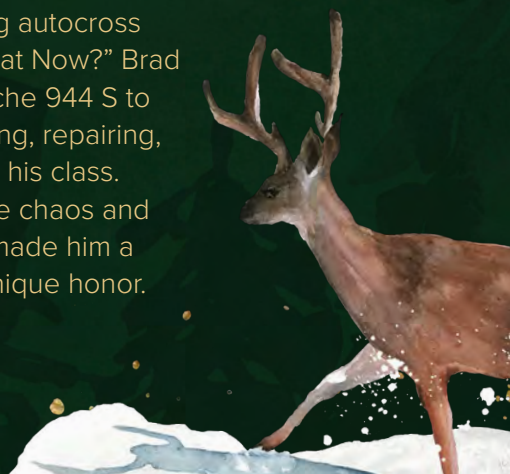

CRAIG DOTY AND ANDRIA JOHNSON

TOILET SEAT AWARD GOES TO BRAD JOHNSON. ACCEPTING FOR BRAD IS MOM, ANDRIA JOHNSON

## THE YELLOW TOILET SEAT AWARD

One of the evening's highlights was the presentation of the legendary Yellow Toilet Seat Award, reserved for a "special" kind of performance. This year's recipient, Brad Johnson, earned the award for his memorable antics and persistence during autocross events. Known as "What Now?" Brad brought his 1987 Porsche 944 S to several events, breaking, repairing, and ultimately winning his class. His contributions to the chaos and humor of the season made him a clear choice for this unique honor.

DOUG DOLEY AND WALT GAMMILL TOURS

## CLUB CHAMPION AND OTHER AWARDS

The Club Champion award followed, with Dave Hockett taking first place in his Prepared Class Cayman, Scott Maclean earning second in his GT3, and Tom Bruck placing third, also in a GT3. The evening concluded with a drawing for the Big O Tires \$1,000 gift certificate, which went to a delighted Robert Sturgeon. Congratulations, Robert! Centerpieces were gifted to the longest-tenured PCA members at each table, and guests departed with warm wishes of "Merry Christmas," closing out the year with holiday cheer and anticipation for 2024.

# NOV. 2024

**JOHN P  
SOMMERWERCK**  
*PCA Zone 6 Rep*

Winter came early to the West Central Mountains of Idaho. The local ski areas' opening dates are the earliest they have been in 20 years. So, no last-minute opportunities to get the Spyder out for a quick drive.

On our last region visit of the year, I had the opportunity to participate in Pacific Northwest Region's Tech Ed session with Rod Emory and Cameron Healy. Many know of Rod Emory and his Outlaw 356 creations. Few know the story of the Forty-Six, the birth of Porsche motorsports, and the restoration of Forty-Six. Rod and Cameron told an inspiring story of finding Forty-Six and restoring it to its original LeMans winning form.

For those long-range planners in the audience, I would note; **Porsche Parade 2025** is scheduled for July 6-12 in Oklahoma City and **Porsche Parade 2026** is scheduled for June 14-20 in Lake Placid, NY. The **2025 Spring Treffen** will be held at Omni Homestead Resort in Hot Springs, VA from Apr. 30th – May 3rd. Registration opens on February 5th, 2025. **2025 Treffen at Sea** sets sail Sunday, August 30th from New York, NY, returning on Sunday, September 6th. Treffen at Sea registration is now open! **2025 Fallen Treffen** dates and location have been announced. Fall 2025 Treffen will be held at the Four Seasons Resort in Jackson Hole, WY. **Treffen Jackson Hole (Fall 2025) | Treffen North America**

Our

2024 Zone 6 region visits are over. We are focusing on our 2025 Zone 6 region visits. If you have an idea for an event we should come to, please reach out to me. Zone 6 signature region events can be found **PCA Zone 6 - The Pacific NW Regions**. Zone 6 abounds in great roads to drive and great automotive venues.

As we head into the upcoming holiday season, we wish you and yours the very best and happiest of holidays. Happy New Year!

**STAY HEALTHY AND WE WILL SEE YOU IN THE ZONE.**

# SAGE TICK RETROSPECTIVE

CURATED BY  
WALT THODE

Any member with anything thought to be worthy of inclusion in a general account of the history of the Silver Sage Region (1966 -present) please send it to Walt Thode at [wfthode@gmail.com](mailto:wfthode@gmail.com).

**5** **2020** Editor Michael Feiler wrote “Surprise! The cover of this issue of the Tick doesn’t even have a single car in it. As we always say, “It’s not just the cars, it’s the people.” What better way to illustrate that than a gathering of intrepid Silver Sagers. Nope, you’re wrong. It’s not a chapter meeting of the local AA club (obviously – get serious). The shot is from the 2018 Treffen in Banff, Alberta, Canada. Many thanks to Ernie Monroe for the graphic rendition of the cover and to Gary Cuddeford acting as the ‘designated photographer.’ From the height and angle of the picture, I’m pretty positive that Gary was not imbibing during the photo shoot.”

**15** **2010** KAn unnamed author wrote about a Sweetheart Deal. “Our Valentine’s event was held on Saturday, February 13th at Boise Art Glass. Carole Flatter flattered all of us with a unique experience. We were able to watch Filip Vogelpohl of Boise Art Glass create a glass vase with exceptional color and design while we tasted the fantastic fare provided by Paul and Maria Sestero of Sophie’s Choice Designs. 25 couples enthusiastically shared the news of member Hal McMillan’s engagement to Ginger. The evening concluded with all the ladies receiving Valentine-themed gift baskets from Carole and Charles Flatter.

**25** **2000** Jan English wrote about an upcoming “West Side Progressive Dinner.” She said we “will start with all of us meeting at Mike & Jan English’s home for appetizers... We will then break up into small groups for salad at one of six different homes. The second stop is dinner at one of six homes and the last stop is at Bob & Vicki Pentecost’s home for dessert. It becomes quite a logistic problem to keep mixing everyone up between salad and dinner, so early reservations will be appreciated. When making reservations, be aware you will be required to bring a dish, help decorate or help plan either the dinner or salad with one of the 14 homes that have volunteered to host.”

**35** **1990** Bob Pentecost wrote about a side trip to Zuffenhausen for a Porsche Museum tour during a business trip to Germany. “There were 11 people on the tour; 3 or 4 were with a car dealer, 2 or 3 couples picking up their new cars, and myself. The tour went by the engine assembly area where each engine takes about 1 day to assemble. They are doing 80 Carrera, 16 928, and 40 944 engines each day, and that includes running each for 30 minutes on a dynamometer to check that they are up to spec. I saw assembly lines for the 928 and the Carrera 2/4 where they mate the running gear to the body and finish the car. After each car is assembled, they drive it about 20 miles around town and out on the autobahn.”

**45** **1980** President Dick Crowley wrote about planning for Bogus Basin Bacchanalia 1980. “Dave O’Leary has agreed to put on the rally. Chet Parham has the hillcross well in hand. John Sawyer stated “I’ll really get that hill cleaned.” Nan Lamoreaux is taking care of the arrangements for the B&B on Saturday night. Wally Overton is making sure everyone is getting signed up and put into the proper housing. Lou and Butch Strahler are handling the “mystery event.” (They won’t even tell me what it is going to be.) John Burrows is coming up with some ideas about ‘different’ awards for the events. Pete McBirney will be there with his huge rolls of wire for timing. It looks like things are beginning to shape up.”

THE ALL-NEW, ALL-ELECTRIC MACAN 4.

Load up for adventure with 402 hp of playful performance, an EPA-estimated range of up to 308 miles and an optional Augmented Reality Head-Up Display in the new Macan 4.

**Porsche Boise**  
7611 W. Gratz Drive  
Boise, ID 83709  
208-377-3900  
[www.porscheboise.com](http://www.porscheboise.com)

©2024 Porsche Cars North America, Inc. Porsche recommends seat belt usage and observance of traffic laws at all times.

The EPA range estimates for new vehicles enable comparison to other electric vehicles. These range estimates provide guidelines but the distance you can drive (range) varies considerably based on a number of factors, such as driving conditions and traffic situation (e.g., stop-and-go driving or highway driving), personal driving habits and selected driving mode (e.g., Sport), speed, topography, use of comfort/auxiliary equipment (e.g., air conditioning, heat, etc.), optional equipment (e.g., wheels and tires), weather, outside temperature, number of passengers, cargo, age of vehicle and the battery, battery capacity, and charging habits. As with all battery-electric vehicles, the actual range of the all-electric Macan will vary based on a number of factors as described above with regard to EPA range estimates.
